International Conference on Sustainability and Technology in Climate Change: Adaptation Action
April 24, 2022

IC-STCC 2022 aims to provide an international platform to discuss the adaptation of sustainability and technology that can help address climate change. The conference is focused on strengthening ties among researchers around the globe to better and efficiently tackle the problems and provide solutions for climate change. The IC-STCC 2022 invites research papers that explore any conceptual analysis, design implementation, evaluation, and sharing practical solutions on sustainability and technology in climate change. We are inviting all a professional, scholars, and practitioners to join and participate in our event.
